Bloodshed and Lawless Depredation in Spring Valley, Ill.

ITALIANS MURDER NEGROES.

Several Negroes have Already been Killed—The Rest given until 5 O'Clock this Afternoon to Leave Town—Will Loot their Houses.

Princeton, Ill., Aug. 5.—The rioters and the lawless hold sway in Springvalley to-night. No arrests have been made. The mobs commenced operations to-day by stopping work at the various coal shafts and during the entire day the streets have swarmed with men, and fresh depredations are expected at any time. All day both sides engaged in the bloody riots of yesterday have been organizing their men and preparing for further display of force. If the belligerent parties attempt to carry out the resolutions adopted by them to-day bloodshed cannot be averted. It has been impossible to locate the following negroes in addition to those reported injured yesterday, several of whom it is thought are lying dead in the ravines surrounding Spring Valley on the west:

Washington Anderson, Archibald Fleming, Samuel Johnson, Lewis Martin, Robert Nelson, Jack Elston.

Several of the above are known to have been shot and badly injured, and two young ladies who came to town late this evening reported that they saw the prostrate form of a negro lying in the woods west of town. Marshal Hicks of Spring Valley says he is satisfied that one or more bodies will be found in the woods between Spring Valley and Marquette. A searching party is being organized to start out from Seatonville at once. The whistles at the various coal shafts were blown last night and this morning giving the signal that work would be done in the mines to-day, and a large number of miners turned out with their dinner pails, but were confronted on the highways leading to the shafts by Italians armed with rifles and the various small arms used in the riot yesterday. The order was universally obeyed. At a secret meeting of the Italians held at midnight last night the plan of stopping the men from working was arranged. Also a call for a mass meeting of the miners was issued to be held at the lumber yard adjoining the Rock Island depot at 10 o'clock this morning. Over 2,000 men assembled at the lumber yard at the appointed hour, and the situation was freely discussed, nearly all of the speeches being in a foreign tongue. The coal company was roundly denounced and much inflammatory language used. After an hour of general discussion a resolution was adopted giving the remainder of the negroes until 5 o'clock to-morrow evening in which to leave the city and carry off their effects. Any effects left after that time will be declared confiscated and destroyed. A committee was appointed to organize the Italians and see that the instructions were carried out. Another committee of five was appointed to wait upon Manager Dalzell of the coal company and demand the discharge of all negroes and to agree to employ no new ones for the present. The committee called at Dalzell's office and stated their grievances. Mr. Dalzell in reply said he had nothing on the subject to state, and that it was a matter he would not discuss. The committee retired with no assurances. During the remainder of the day the streets were crowded with men discussing the situation. Another meeting of the miners is called for a late hour to-night, at which time it is the general impression that a strike will be ordered to continue until the demands made are granted. The situation is serious.

No Throne for Queen Lil.

Chicago, Aug. 5.—Arthur Wilder, the young native Hawaiian, who enjoyed the confidence of President Dole during the life of the provisional government of the island, does not think there is anything in the story published by a San Francisco paper, that a scheme has been hatched there for the restoration of Queen Lil to the throne. "Our government is strong enough to wipe out any party of exiles or others" said Mr. Wilder. "I heard a great deal of talk in San Francisco about filibustering expeditions, but nobody in Hawaii is alarmed. In San Francisco I saw Volney Ashford, who is the reported leader of the exiles. According to these men in San Francisco they are relying upon England for help, as most of them have sent their claims for damages to the British government. A revenue boat is cruising around Honolulu all the time for the purpose of keeping out these exiles."

California Will Cases.

San Francisco, Aug. 5.—The date for arguing the Stanford suit in the United States Circuit Court of Appeals was fixed this morning. Sept. 10 was the day agreed upon by the counsels for beginning proceedings.

The hearing of the contest of the will of the late ex-Senator Fair was continued to-day until Nov. 4 next. This is to allow a settlement of the new suit brought by Charles Fair to determine the validity of the trust under the will.

Starving Indians Steal Cattle.

Tucson, Ariz., Aug. 5.—An investigation of a special agent who has just returned from western Pima county, shows that all the stockmen have been forced to remove their stock to other ranges on account of the depredations of Papago Indians, who are scattered in small bands through the mountains of that section, in a state of starvation and who are compelled to steal cattle for subsistence. Three thousand Papagos are off their reservation. Stockmen have lost over 8000 head of stock. Some are financially ruined. An appeal has been made to the Indian Department to have the Indians placed on their reservation and given a chance to cultivate the soil.

This will Decide the Whole Question.

Washington, Aug. 5. Secretary Morton is a "sound" money man. Several of his personal assistants at the Agricultural Department are strong advocates of the free coinage of silver. One of these gentlemen has been spending a month's vacation in the West. When he returns to Washington to-morrow and calls at the office of the disbursing clerk for his salary it will be handed to him in a lump sum. That is to say he will receive one hundred and seventy-five dollars. It is contained in a canvas sack eight inches long by four inches wide and it weighed when placed on the scales to-day, exactly 10 pounds. Secretary Morton is now anxiously awaiting the result. He believes that the official in question will be nettled about his payment in silver, but the Secretary will insist that he cannot consistently object to a coin payment in view of his repeated utterances in favor of the white metal. The Secretary says that arguments having failed to convince his assistant that silver as a circulating medium is not equal to gold, he has had recourse to the method of treatment used by physicians of the homeopathic school as expressed in the Latin phrase. "Simila similibus curanter."

EXODUS OF NEGROES.

Outrageous Threats of Whitecaps Frighten Thrifty Negroes from their Farms.

Paris, Tex., Aug. 5.—News has reached here of a bad state of affairs prevailing in Delta county, which adjoins this (Lampas) county on the south. One night last week every negro was notified to leave the county at once, or he would be taken out and hanged. Notices were posted informing white men who undertook to protect them, that they would meet with the same fate. This caused a perfect stampede among the negroes, who, being thoroughly alarmed, began to move out of the county at once, although the good citizens tried to dissuade them and offered them every protection. In a radius of five miles, 2,000 acres of land, crops and all were abandoned and contracts for another year abruptly cancelled. The white cappers or whoever they were, continued to post threatening notices and the exodus has been complete. Some negroes who owned valuable farms have remained behind to sell their lands for whatever they could get for them. There is excitement over the outrage, and the outrage is deplored. Thousands of acres of the finest farming lands in the South will be idle next year in consequence.

BIG CINCINNATI FIRE.

Burning Hay Fires the Wharves and Three River Steamboats.

Cincinnati, Aug. 5. The levee was visited by a $200,000 fire this afternoon, in which one-half of the Laidley River steamboat line was destroyed within two hours.

At 1:30 o'clock a pile of 1000 bales of hay, stored in the west end of the Cincinnati and Memphis wharf, suddenly burst into flames and in 10 minutes had communicated to the Louisville mail line wharf just above. To this wharf were tied the steamers Big Sandy, Carrollton and H. K. Bedford. The first two of which were entirely consumed, their black hulls sinking in the murky waters at 4 o'clock. An up-river wind was blowing so stiffly that although the Carrollton and Big Sandy were cut loose, they refused to float down stream, but were blown against the wharf and caught fire, notwithstanding all efforts to save them.

The Congo, Levi J. Workum, Clara Cavot and other boats were appealed to for aid, but only the tow-boat Bellevue volunteered and towed the Bedford to a place of safety.

The loss on the Memphis wharf-boat is placed at $20,000; on the Louisville wharf-boat $12,000; on the Big Sandy $60,000, and on the Carrollton $40,000. All the steamers and wharves were the property of Commodore Laidley, president of the White Collar line, and were insured for about two-thirds their value.

The excitement during the fire was intense and several employees received burns. The following were injured:

Supt. William R. Shaw, burned about hands and neck. Jack Crowley, burned about hands, neck and arms.

Fireman William Kibby, back hurt. Deaf and dumb fireman on the Big Sandy, name unknown, hands and head burned.

Fireman Bennett of engine company No. 4, was overcome by heat and driven insane. Several children on the boats were rescued at some peril but with no fatality.

IMPORTANT CONSOLIDATION.

Baldwin Locomotive Works and Westinghouse Electric Co. Amalgamated

Philadelphia, Aug. 5.—The Baldwin locomotive works of this city which are owned by Burnham, Williams & Co., and the Westinghouse Electric and Manufacturing company of Pittsburg, two of the largest industrial concerns in this country, have been amalgamated. The official announcement of the extensive deal was to-day made by a member of the firm of Burnham, William & Co. Negotiations tending to the amalgamation have been in progress for two months, and to-day they were ratified by the local concern. To-morrow the board of directors of the Westinghouse company will take similar action.

The coalition of interests, it is stated, will result in the early introduction of improved forms of electric motors for railroads and will give employment to upwards of 10,000 men in busy seasons.

The name of the new company has not been determined, and the officials of the Baldwin works decline to state whether or not it will be made a stock company.

Although, by the amalgamation the two companies will hereafter work as one, both plants will be retained as they are at present, extensions being made as business shall require. There will be a division of work, the Baldwin taking up such as is suitable to its facilities and the electrical work will be done by the Westinghouse company. A member of the big locomotive firm in speaking of the consolidation this afternoon, said:

"We have been seriously discussing the matter ever since the latter part of April and in view of the improvements which we jointly considered the electrical developments of railways to have been, we thought it to our advantage to combine our interests, and in furtherance of that policy have concluded contracts which make a practical partnership, and we are now prepared to construct electric railways, locomotives and everything that pertains to electrical operation of railroads."

"Will the deal cause any contraction in your force of men here?" was asked.

"Not in the least. We propose, on the contrary, to give work to more men, as we anticipate a greater volume of work than ever before."

TO UPHOLD SILVER.

The Missouri Democratic State Silver Convention Meets To day.

BIG MAJORITY FOR 16 TO 1.

545 Delegates Out of 600 are Pledged and Instructed to Vote for this Ratio—Hon. James G. Gibson Temporary Chairman.

Pertle Springs, Mo., Aug. 5.—The delegates to the Democratic State silver convention which convenes at the summer resort to-morrow at noon, are slowly arriving and to-night there are less than 200 registered at the only hotel in the place. Pertle Springs is located in the southwestern part of the State and is but two miles from Warrensburg, the home of Senator Cockrell. The convention, which will be mainly one of resolutions, promises to differ from any ever held in Missouri, inasmuch as it will be attended by few persons outside of the regularly accredited delegates. There are 114 counties in Missouri, and it is estimated that each county has sent at least five delegates.

A conservative estimate places those pledged and instructed to vote for silver at a 16 to 1 ratio at nearly 545. So carefully have the silver leaders been in guarding their interest that in many cases the county conventions passed resolutions prohibiting proxies. Among those who are already on the ground are: Gov. Stone, Senator Cockrell, Congressmen Bland and D'Armond, State Auditor Seibert, State Treasurer Stevens, State Secretary Sesour, Railroad Commissioner Hickman, Judge James G. Gibson of Kansas City, Col. Nicholas M. Bell of St. Louis, together with several State Senators, circuit judges and railway men. The few gold advocates in attendance, most of whom are members of the State committee, were considerably disconcerted to-night by the announcement that Chairman Maffitt of St. Louis would not be in attendance on account of the death of a relative. Mr. Maffitt's absence will be keenly felt as he is said to have influence over the rural delegates.

In the event of his non-arrival, Hon. John H. Carroll, vice chairman and legal counsellor of the Burlington road, will call the convention to order. A number of caucuses are being held to-night with the view of deciding upon temporary organization, but it is not probable that any decision will be reached until after the State committee meets at 10 o'clock to-morrow morning. The concensus of opinion, however, is that Hon. James G. Gibson of Kansas City will be selected as temporary chairman, and that Senator Cockrell or ex-Congressman Hatch will officiate as permanent chairman. The latter office has been offered to Gov. Stone, but at a late hour to-night his friends state he has positively declined to serve.

At to-night's caucus the State committee decided to ask the convention to double the number of the members of the State committee thereby adding to it one member from each Congressional district. This action is regarded as an effort to pacify the clamors of county delegates. The decision of the caucus was hailed with rejoicing by the silverites and they are now busily engaged in discussing the advisability of accepting the concession. They are so jubilant over their victory, however, that they now declare that nothing less than resignation of the State committee will satisfy them. They now say that a resolution will be offered in the convention to-morrow demanding that the State committee shall be composed of 31 members, one from each Senatorial district, and nothing less.

A caucus between Gov. Stone, Senator Cockrell, Hon. R. P. Bland and a few close and trusted friends is being held at Senator Cockrell's residence to-night. "Silver Dick" Bland declares that nothing less than the control of the Democratic party in Missouri shall be placed in the hands of the silverites who will satisfy him. Gov. Stone is not so extreme in his views, and together with Senator Cockrell is endeavoring to induce him to modify his demands. The conference was still under way at 11 p. m., and from the emphatic manner in which Mr. Bland was asserting that the time had now come for the silver men to assume entire control of the Democracy of Missouri, it was apparent that the session would not be concluded until after midnight, and not then unless Mr. Bland's demands had been agreed to.

To Put More Gold in Circulation!

Topeka, Kan., Aug. 5.—The old soldiers of Topeka, and Shawnee county, who called for their money at the office of Pension Commissioner Glick to-day had the following circular distributed among them:

"Comrades, halt! You are entitled to gold in payment of your checks. Demand it. Do not accept depreciated currency."

The pensioners are paid by checks that are cashed at Topeka banks.

South Sioux City, Neb., Bank Fails.

Omaha, Neb., Aug. 5.—A special to The World-Herald from Dakota City, Neb., says that the Citizens' State bank at South Sioux City, Neb., has failed. The liabilities are about $30,000. The bank is said to have had $10,000 Dakota county funds on deposit.

Stewart Will be a Silver Editor.

Washington, Aug. 5.—Senator William M. Stewart of Nevada, as soon as he recovers from the injury to his knee cap, sustained last week by jumping off a street car, will, according to an announcement in a local newspaper, enter the field of journalism. He will be at the head of the editorial staff of a weekly paper to be known as The Silver Knight, published by the Order of Silver Knights of America, recently incorporated, with headquarters in this city. It will advocate the free coinage of silver.

To Come Before the Supreme Court.

Omaha, Aug. 5.—A special telegram to The World-Herald from Lincoln says that a petition has been prepared by Attorney General Churchill for filing with the clerk of the Supreme Court, citing both Omaha police boards to appear before the Supreme Court to defend its right to the position. This is the first step in the quo-warranto proceedings. But it is doubtful if this petition can be filed. The law of Supreme Court practice requires that no paper can be filed with the court during vacation unless ordered by the court. As this is vacation, the Attorney General on being refused, will probably report to the Governor and he will then probably ask the Supreme Court to sit in extra session, but as the regular session begins Sept. 11, the court may decline to sit.

MRS TALMAGE DEAD.

Wife of the Famous Brooklyn Preacher Passes Peacefully Away.

New York, Aug. 5.—Mrs. T. DeWitt Talmage, wife of the famous Brooklyn preacher, is dead. She passed peacefully away at 6:30 o'clock this morning. Her husband, son and daughters were with her when she died. Her death occurred at the sanitarium in Dansville, N. Y., where she had been under treatment at various times for the past year.

Mrs. Talmage's illness dated from the burning of the Tabernacle, that she had aided her husband and his devoted congregation in building. Her nervous system received such a severe shock when she was informed of the destruction of the building on May 13, of last year, that she was dazed for several hours, and all her faculties seemed paralyzed. She was not able to leave her home for three weeks thereafter. Her nervous system never recovered from the shock and within a short time she was taken to the sanitarium.

She returned from there late in June and went to Europe for a little over a month. When she returned slightly improved, she remained at home under the care of the family physician until this spring. About three months ago she became much worse and was taken again to the sanitarium. Her decline was gradual until about two weeks ago, when she failed rapidly and Dr. Talmage, who was lecturing out West, and her children, were summoned to be with her. Her remains will be brought to Brooklyn to-morrow morning and the funeral will occur from the family residence on Thursday.

FILED THEIR ANSWER.

The New Omaha Fire and Police Board Makes Some Strong Allegations.

Omaha, Aug. 5.—The new board of fire and police commissioners have filed their answer to the petition of the old board. After making a denial of several of the minor statements alleged in the petition, the answer says:

"That in the year 1895 and before the new law referred to went into effect, D. Clem Deaver and Charles H. Born were, at the solicitation of Edward Rosewater, editor of the Omaha Bee, appointed by Silas A. Holcomb, Governor of Nebraska, as members of the fire and police board of the city of Omaha. That at the time it was agreed and understood that the said Brown and Deaver in the interests of Edward Rosewater and in his behalf in violation of law and under the pretext that the law as passed in 1895 was unconstitutional should hold said office and defendants show that in pursuance to such design the said plaintiffs procured the discharge of the police force and substituted others therefore, and are now in force and arms holding the same.

"That to further prosecute said plaintiffs the said George P. Bemis procured a pretended injunction to be issued pretending to restrain the city council from approving the defendants' bonds, but said injunction was and is illegal and void and of no effect and was procured with a fraudulent purpose and design of preventing these defendants from having legal status herein and in pursuance of the aforesaid corrupt agreement as defendants are informed and believe.

"That the said plaintiffs, said suit having been brought and served too late to prevent the approval of said bonds and the qualification of defendants, have now commenced this suit to further delay the defendants herein getting the control of such offices and police force, and to hinder and delay them in the discharge of their duties, and that the same is brought in bad faith and without justification."

The answer also refers to the honorable action of ex-Commissioners Smith and Strickler in resigning their positions in the old board because of the fact that they recognized the existence and legality of the new law.

The answer concludes:

"If any dual board of commissioners exists it will be because said plaintiffs, in violation of law and in pursuance to a long before preconceived plan and in pursuance of the agreement to set aside the law and to violate the same, will continue through the police force as aforesaid wrongfully organized, controlled and created, to exercise the functions pertaining to said board."

And these defendants maintain that Judge Hopewell is said to have expressed himself so as to lead people to believe he will dismiss the contempt case to-morrow. This being out of the way, the only thing to be decided is the legality of the new board, and no matter how he decides this question, his decision will be appealed from to the Supreme Court, where the real battle will occur.

The city has been very quiet and the talk of riot is looked upon as very amusing.

An Earthquake Shock.

Gloversville, N. Y., Aug. 5.—An earthquake which lasted nearly a minute was felt in this locality last night, and the alarm caused among nervous people by the seismic shock was heightened by a heavy thunder storm which immediately followed it. Several persons were seriously injured in the storm and considerable damage was done to property hereabouts.

CITY COUNCIL.

The First Regular Meeting for August Held.

LARGELY ROUTINE BUSINESS.

Contract for Feeding City Prisoners Let—Numerous Communications Read and Referred to Committees—Other City News.

At the regular meeting of the City Council last night all members were present.

The matter of a free license for the W. C. T. U. employment bureau was referred to the Mayor to investigate.

The livery stable owners presented a petition asking that a license fee of $50 be charged street hacks. Referred to the ordinance committee.

J. J. Dewark petitioned to be allowed to put up a set of scales to be used by the city for weighing, and to be recognized as the official scales. Referred to the city attorney to prepare an ordinance.

Property owners in Stockbridge & Stevenson's addition petitioned to have certain nuisance abated. Referred to the police committee.

A letter from Supt. Dudley of the State school for the Deaf and Blind set forth that the school is paying too much for water, and asked for a reduction. Referred to the water committee, superintendent of water works and city treasurer.

Fairley Bros. requested that the city vacate the alleyway between their lots at Evergreen cemetery. The request was granted.

An application for a plumbers' license for J. W. Taylor was presented and referred to the sewer committee, sewer inspector and city attorney. The applicant is an employe of the institute, who they wish to have do some work there.

A communication was read from the secretary of the Village Improvement society, making suggestions in regard to certain ordinances that they believe are necessary. Referred to the street committee to report.

Following a report by the city attorney a bill presented by Rollins & Sons was allowed at $23.

Alderman Hughes presented a number of objections to the ordinance recently adopted regulating hotel runners and hackmen. He spent some time in discussing the various objectionable features.

Alderman Nethers stated that there were complaints against Mr. Calloway, the policeman at Cheyenne canon, that he is keeping a stand, etc. Mr. Calloway was there to defend himself, but after considerable talk the matter was dropped.

Upon motion the contract for feeding city prisoners was let to C. W. Daugherty at 12 1-2 cents per meal.

The sewer committee was instructed to continue the work of sewering on the West Side, so that the Washington school can be connected by fall.

The report of the police magistrate for July was read.

The July bills were read and allowed.

The meat inspector and sewer inspector were each granted two weeks' vacation.

The council then adjourned.

GILLETT BULL FIGHT.

Arrangements being Made to Bring it off This Month.

Cripple Creek, Aug. 5.—Mr. J. H. Wolfemein host of the Palace hotel, returned to camp to-day. He has been gone some time, and has traveled through Texas and Old Mexico, where he has been in search of Charles Meadows, who runs a Wild West show.

Mr. Wolfe finally located his party and brought him to the "greatest gold camp on earth." They propose to give exhibitions at Gillett on the 24th and 25th of this month, and the show will include the much talked of bull fight.

Everything has been settled in a most satisfactory manner and it has been arranged to bring up the troupe with their horses, bulls, etc., on special trains, and also to run special trains to Gillett from every point in the State, as well as from Chicago, Kansas City and other Eastern points. It is thought that many thousands of people will be attracted to Gillett by this very novel entertainment.

WON EASILY.

Defender Beats Vigilant by Nine Minutes in a 37-Mile Course.

Newport, R. I., Aug. 5.—In the final run of the cruise of the New York Yacht club, a 37-mile beat to windward from Vineyard Haven to Newport, the Defender started last and finished first. The new aluminum and bronze boat beat the Vigilant 9 minutes and 9 seconds, and was about 20 minutes ahead of General Paine's Jubilee. This was quite an improvement upon the five minutes and 32 seconds which the Defender had to her credit over the Vigilant on the run to Vineyard Haven Saturday.

The Vigilant obtained the best position at the start and was to windward of the syndicate boat.

At 11 o'clock, under the combined influence of wind and sun, the fog melted away. The Vigilant held the windward position when they started for the line, with Denfender in leeward and Jubilee in between the other boats, made a beautiful start, crossing the line almost together. The Jubilee shoved her nose over first. The Vigilant was two seconds behind her and Defender six seconds later. Then followed the prettiest brush that has been seen between yachts in many a day. The boats were on the port tack and Captains Haff, Barr and Newcomb could almost shake hands from the decks of Defender and Vigilant and Jubilee. The two New York boats blew away from the Boston boat rapidly. Two minutes after the start, Denfender went about and Jubilee followed rather than permit the new boat to cross her bow. Vigilant also went on the starboard tack, still holding the windward place. Captain Haff tacked again five minutes later in order to get out of Vigilant's lee. The cup defender of '93 surprised all by her pointing closer and holding in her place on the weather quarter of the new boat. Captain Barr instantly put her about when he saw Captain Haff's move. The maneuver was repeated four minutes later and again in half a minute, the Vigilant crossing Defender's bow and holding her in great shape. Then both boats were on the port tack, heading toward Naushon island. Capt. Haff abandoned his dodging tactics and made a broad tack of seven miles. When he went about off Naushon island he crossed the Vigilant's bow and had a tenth of a mile to spare. The Jubilee was nearly a mile astern. The two big sloops made a long leg towards the Marthas Vineyard coast. At 1 o'clock both boats went about near the shore, Defender half a mile ahead. She was showing the Vigilant the cleanest pair of heels that she has yet exhibited.

At 3 p. m. the yachts were reaching for the finish at a lively gait. They were off Sekonnett light and Defender was nearly two miles ahead of the Vigilant. She increased her lead all the way to Brenton's Reef lightship and crossed the line at 4:04.40 p. m. The Vigilant finished at 4.13.43 and the Jubilee at 4:24.30. All three sailed up to anchorages in the harbor.

The run to-day concludes the cruise of the club. The special prize for the sloop making the largest number of best runs during the cruise was won by the Defender.

CHINESE MASSACRE.

An Eye Witness tells the Details of the Terrible Event.

London, Aug. 5.—The Daily Telegraph will print to-morrow a dispatch from Shanghai saying that Rev. H. S. Phillips of the English Church Missionary society witnessed the atrocities at Washhang, but was powerless to do anything to prevent them. The Chinese magistrate, the dispatch says, waited until the foreigners were murdered or had fled before he appeared. The rioters, who numbered 50, were led by a man carrying a red flag. It seems that the massacre was carefully planned. There are about a thousand soldiers stationed at Kucheng and they could have stopped the riot had the officials chosen to order them to do so. The same dispatch states that the American mission at Shasi, near Hankow, on the Yang-Tse-Kiang river, has been destroyed and its former occupants are fugitives. The American consul here has advised the missionaries in other parts of the country to retire.

A meeting of foreign residents at Shanghai of all nationalities was held to-day under the auspices of the China association. Foreigners were urged to appeal direct to the governments of their various countries to secure reparation for the many outrages committed in the Chinese empire, especially the one at Washhang.

Some of the speakers at this meeting declared that no confidence was to be placed in the diplomatic representatives at Pekin. The American residents desire the appointment of a commission to inquire into the outrages in Szechuen and other inland provinces, apart from the British committee, to be under the control of American Consul Jernigan and Mr. Connor, the British minister, has given his assent to the proposition. The existing committee is composed of British Consul Tratman of Chung King, one missionary, the native prefect at Cheng Tu, the provincial treasurer and the provincial judge. All of the latter are regarded as having been implicated in the attacks upon foreigners.

The Times to-morrow will print a Shanghai dispatch saying that the ladies at missionary stations begged for life, promising to surrender their property and valuables, but the leaders of the mob issued orders to kill them outright.

Government Deplores the Massacre.

London, Aug. 5.—E. G. McCartney, Secretary to the Admiralty, in an interview to-day said that a meager telegram had been received at the Admiralty office announcing the massacre at Whasang, near Kucheng. The Chinese government, the dispatch also said, had issued imperative orders to the provincial authorities to search out and punish the persons guilty of the outrage. The government deplores the event, which is most unfortunate for China.

NATIONAL CIRCUIT RACES.

Wind Again Interferes with Fast Time—Several Spills.

Fort Wayne, Ind., Aug. 5.—The weather to-day was excellent for the national circuit meet with the exception of a high wind that was blowing across the track during a portion of the races, making time slow and riding difficult. There were several spills during the afternoon, but no one was seriously hurt. Attendance 3000. Summaries:

Caught a Criminal.

Yesterday Marshal Dana received a letter asking him to look out for a fellow who is wanted for several forgeries on banks at Oakley, Kan., Russell Springs, Kan., and La Junta, Colo. The checks had the name of N. G. Perryman on them. One of the banks recently received a letter dated here but mailed at Pueblo, enclosing a second check, and requesting that the money be forwarded here by registered letter, payable to one D. A. Scott. Mr. Atkinson went to work on the case and yesterday arrested the culprit, when he called for his letter. He proved to be a young man about 21 years old. Mr. Dana put him in the sweat box and he denied that his name was Perryman. Mr. Dana then threatened him with arrest for opening letters addressed to Scott. He then admitted that his name was Scott and that the name he had forged was that of his step-father, who occupies a position in the office of the State Auditor at Topeka. The prisoner had a number of checks on his person and also a revolver, so he was held on a charge of carrying concealed weapons and fined.

Scott was riding a bicycle when arrested and Mr. Dana decided that it had been stolen at Pueblo. He communicated with Sheriff Moses and learned that such was the case. To-day the young man will be turned over to the sheriff for that crime, as it is probable that he will never be convicted of the forgeries for the reason that the step-father will not prosecute.

Musical Festival at the Casino.

The musical event of the season at the Casino will be the concert by the Summer School chorus to-morrow evening. They will be under the direction of Dr. Perkins, and Miss Acton will also appear. The chorus will sing, "The Heavens Are Telling," by Hayden, and "The Hallelujah Chorus," by Handel, with orchestral accompaniment by Stark's Vienna orchestra. No extra charge for this concert. Admission only 25 cents.

A lad named Clyde McReynolds, while practicing gymnastics with some others in the South park last night, met with a painful accident by breaking the collar bone close to the throat. The particular trick which he was attempting to do was turning a somersault, springing from another boy's hands. On this occasion the boy's hands slipped and McReynolds alighted on his head instead of his feet. The accident is not thought to be serious.

Yesterday was motion day in the second division of the District Court. The only case in which final action was taken was the suit of Bowden vs. the Chicago and Cripple Creek Mining company, in which judgment was given against the defendant for $2,445.05 on default.

Regular meeting of Pike's Peak camp, No. 5, Woodmen of the World, this evening at 7:30 sharp. The organization of the Woodmen circle will be completed. All members and their ladies are requested to be present exactly on time.

Miss Mamie Barwise of Wichita, Kan., who has been spending some time at the Eggleston cottage, Manitou, is now stopping with her cousin, Mrs. Rollin B. Trouslot, at Brookside.

Miss Mae Estelle Acton, the popular soprano singer, will take part in the concert at the Casino this afternoon.

Mrs. E. I. Bennett and son, Harley, returned yesterday from a trip to the East, having been away for some time.

Two Lives Saved.

Mrs. Phoebe Thomas of Junction City, Ill., was told by her doctors she had consumption and that there was no hope for her, but two bottles Dr. King's New Discovery completely cured her and she says it saved her life. Mr. Thomas Eggers, 139 Florida street, San Francisco, suffered from a dreadful cold, approaching consumption, tried without result everything else then bought one bottle of Dr. King's New Discovery and in two weeks was cured. He is naturally thankful. It is such results, of which these are samples, that prove the wonderful efficacy of this medicine in coughs and colds. Free trial bottles at Baker & Co.'s drug store. Regular size 50c and $1.

Old People.

Old people who require medicine to regulate the bowels and kidneys will find the true remedy in Electric Bitters. This medicine does not stimulate and contains no whisky nor other intoxicant, but acts as a tonic and alterative. It acts mildly on the stomach and bowels, adding strength and giving tone to the organs, thereby aiding nature in the performance of the functions. Electric Bitters is an excellent appetizer and aids digestion. Old people find it just exactly what they need. Price 50 cents per bottle, at Baker & Co.'s drug store.

Bucklen's Arnica Salve.

The best salve in the world for cuts, bruises, sores, ulcers, salt rheum, fever sores, tetter, chapped hands, chilblains, corns, and all skin eruptions, and positively cures piles, or no pay required. It is guaranteed to give perfect satisfaction or money refunded. Price 25 cents per box. For sale by Baker & Co.

TO-NIGHT'S MEETING.

The meeting of the Republican club this evening is one of great importance. It is the regular annual meeting, and reports will be received concerning the work of the past year, and new officers will be elected.

Under the presidency of Mr. Grafton the club was one of the great factors in the magnificent victory won last fall. He has proved himself to be one of the most capable leaders, and one of the hardest workers in the party. It will be hard to fill his place.

Not much interest has been manifested, outwardly at least, in the coming political contest, but there will be a contest, and some of the most important offices in the county are to be filled. We found out last year that it makes a great difference who is sheriff; and the taxpayers know when we get a good assessor and a good treasurer, and good county commissioners.

The Republican club will have much to do with the election of the incumbents of all these offices. Its own officers should be men of ability and good judgment. We rather think it would be better for them not to be candidates for any elective public office but that is a matter for the club to decide.

To-night's meeting is really the beginning of the campaign. Let us see to that the campaign is begun right.

The appeal from the executive committee of the Summer School which is published in our columns to-day speaks for itself. The director and the financial agent of the school have given their services free of charge, and the work this summer has been especially hard. It is only right that they should receive some remuneration for the time and labor which they have expended in making the school such a splendid success; and we hope that the proceeds of the two concerts on Wednesday and Friday evenings will be large enough to net a handsome sum for their benefit. The concerts will be unusually attractive, and all who go will get more than a full return for their money.

This is what is called an "off-year" in politics; but there are 11 States in which a Governor and other State officers are to be elected. The States in question are Iowa, Kansas, Kentucky, Maryland, Massachusetts, Mississippi, Nebraska, New York, New Jersey, Ohio and Pennsylvania. In some of these States and in a few others legislatures will also be chosen which will elect United States Senators. Besides this Utah will vote upon the adoption of her proposed constitution, and, if there is a favorable vote, will take her place among the sisterhood of States, electing a full set of State officers, Congressmen and a Legislature which will choose two United States Senators.

In answer to the Chicago Mail, which had alleged that "the more one watches the antics of the Hon. Ted Roosevelt the stronger the conviction grows that he is overplaying his part." The New York Sun replies: "Nonsense. Mr. Roosevelt is not a theatrical person, and his purpose is always simple. It is to enforce any law which has put the prehensile twist of duty around his neck, to bring down his bear, and to vote the Republican ticket every time."

It strikes us that this is both apt and complimentary.

It looks as if the women of Utah were going to vote, with the men, on the question whether they shall be allowed to vote or not. Utah is a queer place. If it is legal for the women there to vote on the question of imposing the suffrage upon women, it would have been legal for the women of the State to vote with the men on the same question in 1893

The current number of Harper's Weekly is especially strong in the sporting department. It contains also a very interesting article by Richard Harding Davis on "The Exiled Lottery," in which he tells of the low estate to which the once proud Louisiana gambling concern has fallen.

We gladly make space in another column to-day for the appeal of the people of a part of Oklahoma for assistance in their destitute condition. The agent, Mr. Erwin, is in town to-day, and contributions should be sent in this morning in order that they may be shipped at once. This is a case of real destitution, and those who give may be sure that their aid will go to people who are really deserving. All gifts, whether of money or clothing or provisions, should be sent to the W. C. T. U. headquarters this morning. They will be forwarded at once, free of charge by the Rock Island road, and will reach their destination promptly.

The star articles in the North American Review for August are three in number. The first is one on "The Menace of Romanism," by the president of the A. P. A.; the second is "The Turning of the Tide," by the chief of the United States bureau of statistics; the third is a review by Prof. Goldwin Smith of the three most important recent books in philosophy, Mr. Kidd's Social Evolution, Mr. Drummond's Ascent of Man, and Mr. Balfour's Foundations of Belief. Of the rest, the most interesting, from a literary point of view, is that of Mr. Andrew Lang on "Tendencies in Fiction," in which that clever critic pays his disrespects to the neurotic novelist. A very remarkable article is that of Rabbi Pereira Mendes, in which he advocates the establishment of a new Jewish nation in Palestine as a "solution of war." His idea is to constitute this nation an international arbiter, to whose tribunal all disputes shall be submitted. To those who are interested in penology, the article on "Female Criminals," by Her Majesty's inspector of prisons, will be of value. Altogether, the number is a very strong one, and adapted to a great variety of tastes.

Gorman will not find it so easy to elect his candidate for Governor of Maryland as he did to nominate him. The indication are that the State will come pretty near to going Republican this fall.

Eastern investors are evidently beginning to catch on to the fact that the Colorado Springs stock market is a good place to put their money.

Sheriff Tamsen of New York has been indicted by the grand jury on two counts. Tamsen probably means well, but he is a nincompoop.

Who is this Francis Murphy, who is drying up Leadville? The original F. M. is supposed to have been dead for some years.

A Strong Appeal

The Summer School this week comes to an end. It has been an immense success. It is probably not too much to say that it has been the best Summer School in America this year. Few persons realize how much future advantage to Colorado Springs financially as well as intellectually this success means. It means the annual resort hither hereafter of hundreds of persons who will remain from one to two months in our community and who will advertise the town as it has never been advertised before. It is not generally known that for the past three years the directors of the school have received no compensation whatever for unselfish and most laborious toil extending each year over a period of more than six months. The work done this year by Profs. Pattison and Turnbull has been of especial magnitude. They have written thousands of letters, mailed tens of thousands of circulars, traveled hundreds of miles and held scores of interviews with individuals all the way from here to Chicago, as well as worked day and night since the session of the Summer School began. Common justice demands that some recompense should be made them for these prolonged and arduous services. So heavy have been the expenses of the school, that though the attendance fees are unprecedentedly large, yet no surplus we understand, remains wherewith to pay the men whose sagacious and devoted labors have given the school its success.

One way is open, however, to our community in which substantially to voice its appreciation of the work which these gentlemen have done. It is proposed to turn the proceeds of the very attractive concerts to be held on Thursday and Friday evenings of this week into a well-merited testimonial to Profs. Pattison and Turnbull, as a slight recognition from the members of the Summer School and our citizens at large of the value of their services. We earnestly hope that all who read these lines will at once proceed to purchase a ticket to one, or if possible to both, these concerts, at the music store of Hext & Williams, 21 North Tejon street.

To show in an effective way the public appreciation of the benefits which these gentlemen by their prolonged and unselfish labors have conferred upon our city and our commonwealth, purchase your tickets at once, and then even should the evening be stormy the receipts from the concerts will not be diminished.

Mr. Humphrey a Bimetallist.

To the Editor of The Tribune:

Sir: I notice in The Tribune's report of the persons attending the Horr-Harvey silver debate in Chicago the following:

"A prominent advocate of the gold standard was A. B. Humphrey, secretary of the National League of Republican clubs."

It is of no interest, as far as the debate is concerned, how I am reported, but it is of interest to my friends throughout the country, who know me as anything but an advocate of the single gold standard. They understand me as unqualifiedly opposed to gold monometallism and unequivocally against silver monometallism, but emphatically for a bimetallic standard—in short, a two-legged bimetallist, believing in both gold and silver as standard money of ultimate redemption.

Chicago, July 25, 1895.

A. B. HUMPHREY.
(New York Tribune.

A Brunette Complection.

Quite a number of colored men voted for the Cleveland administration, on the idea that they wanted to be independent in politics and not to be tied down to any party. They have now before them a singular spectacle to contemplate. One the one hand they see a white man, a person who seems a mere adventurer, supported by Minister Willis in urging a thin and shadowy claim for damages of $75,000 against the Hawaiian government. So preposterous is the claim that the Dole authorities flatly refuse to pay a dollar, and yet the whole power of the United States minister and government is back of the claim.

On the other hand they see a citizen of the United States, but recently an official representative of the American government, deliberately ruined financially, carried off by the French and thrown into a dungeon under sentence for a term of years on a trumped up charge, ill and despondent in his prison and not even reached by any American authority, and all because the French wanted to get possession of a valuable franchise which Waller had obtained in Madagascar. His wife and children left penniless, stranded in a far country, were refused transportation on one of those American war vessels which go sailing around on a perpetual picnic excursion, burning coal in time of peace. The weight of the distressed family might have made it necessary to burn another pound or two of coal. They were black people, and therefore not allowed on an administration navy. (Pueblo Chieftain.

Fair Warning.

Strangers bringing their families into the city of Cripple Creek will do well to bear in mind that there are no houses for rent and that they will either have to board or live in a tent. (Cripple Creek Times.

The Mora Indemnity.

There is not the slightest doubt that the understanding at Madrid is that the payment secures the moral support of the United States government in the suppression of the Cuban revolution.

Is that likewise the understanding at Washington?

Has the Cleveland administration undertaken to sell out the cause of Free Cuba for $1,500,000 in cash? (New York Sun.

Fond Hopes.

The delight of our Democratic friends because "the new tariff will soon yield enough revenue to run the government," is second only to the glee of the boy who was hunting woodchucks. One being asked how many he had caught, he replied that when he got the one he was after and four more he would have five. (Boston Advertiser.

HEALTH COMMANDMENTS.

1. Thou shalt have no other food than at mealtime

2. Thou shalt not make unto thee any pies, or put into the pastry the likeness of anything that is in the heavens above or in the earth below. Thou shalt not fail to chew or digest it, for dyspepsia shall be visited upon the children to the third generation of them that eat pie and long life and vigor upon those that live prudently and keep the laws of health.

3. Remember thy bread to bake it well, for he will not be kept sound that eateth his bread as dough.

4. Thou shalt not indulge sorrow or borrow anxiety in vain.

5. Six days shalt thou wash and keep thyself clean and the seventh day thou shalt take a great bath, thou and thy son, thy daughter and thy maidservant and the stranger that is within thy gates. For in six days man sweats and gathers filth and bacteria enough for disease, wherefore the Lord hath blessed the bathtub and hallowed it.

6. Remember thy sitting room and bedchamber to keep them well ventilated, that thy days may be long in the land.

7. Thou shalt not eat hot biscuit [illegible].

8. Thou shalt not eat meat fried.

9. Thou shalt not eat thy food unchewed, or highly spiced, or just before work, or just after it.

10. Thou shalt not keep late hours in thy neighbor's house, nor with thy neighbor's wife, nor manservant, nor his maidservant, nor his cards, nor his glass, nor with anything that is thy neighbor's. Thus endeth the tenth commandment. Medical Brief.

Dr. Ely.

Dr. Ely closed his courses on Friday evening and left for home on Saturday afternoon. He expressed himself as thoroughly pleased with his classes, and with the character of work they were able to do. He is greatly impressed with the possibilities of the school and believes that it should at once be put upon a solid financial basis by means of endowment or in some other suitable way. The management hope that they will be able to secure Dr. Ely for the next session.

SUMMER SCHOOL NOTES.

The subject of Prof. Lounsbury's lecture at 2:05 this afternoon is "Shakespeare in Literary History." Prof. Lounsbury completes his course on Thursday afternoon.

Prof. Read will lecture at 10:30 this morning on "Art in Education."

Dr. James's lectures for the rest of the week will be given at 5 o'clock daily in the Coburn library chapel. The subject of Dr. James's lecture this afternoon is, "Habits."

Mr. and Mrs. Ehrich have arranged for a reception this evening to the Summer School faculty. On account of this event no lectures will be given this evening.

The classes attending Supt. Hancock's lecture on "Child Study" are large. As announced on Friday he delivers each lecture twice daily, at 8:30 and at 11:30 a. m., in the High School building.

The class in kindergarten under Miss McCulloch and Miss Crocker will be in session this morning and to-morrow morning in the High School gymnasium from 8:30 to 10:30. The work will be illustrative of actual kindergarten work. Chairs have been provided.

The Musical Festival.

The Summer School Musical festival will give its first grand concert, under the direction of Dr. H. S. Perkins of Chicago, this week, Thursday evening, Aug. 8, in the High School auditorium. This hall has been selected for the concerts because of its acoustic properties, which Dr. Perkins says are excellent, and that the room itself, in all of its appointments, is not surpassed by any High School building in this country. The concert will bring to the platform some excellent solo talent in addition to the well drilled chorus under the baton of Conductor Perkins. Miss Mae Estelle Acton, who has already sung herself into universal favor, will appear at each concert and delight the audience with her artistic and charming rendering of operatic arias, ballads, etc.

This concert will introduce a great piano virtuoso, Professor S. Becker von Grabill, recently from Berlin, where he was assistant Court pianist to the Emperor. He was a favorite pupil of the great Rubenstein, who dedicated one of his characteristic, dashing compositions, "The Witches' Carnival," to him. Prof. von Grabill will play it at this concert; also "Revue de Windsor," by De Kontski, composed for the coronation of the present German Emperor. He will appear only at the Thursday evening concert. Mrs. Geo. E. Crafts of Green, Colo., an excellent contralto; Miss Anna E. Woodworth, mezzo soprano, and Mr. Percy T. Hemus, barytone, of this city will sing solos. Professor Pearson, Mrs. W. R. Toby and Miss Jacobs of the St. Louis Conservatory of Vocal Music, will serve as accompanists, all of which will make up a programme of unusual attraction.

At the Friday evening concert there will be an entire change of programme by the full chorus and it will introduce Fraulein Elsbeth Meyer, a brilliant pianist recently from Germany, now a resident of Denver. These concerts will be a brilliant conclusion to the unusually successful Summer School. The price of admission has been placed at the low rate of 35 cents. Tickets are now on sale at the music store of Hext & Williams. The auditorium will be crowded with an appreciative audience.

A Card from Prof. Hasie.

To the Editor of The Gazette:

In view of the fact that the chorus concerts are to be given for the benefit of Profs. Pattison and Turnbull and as I have no desire to lessen the proceeds of those concerts nor decrease the receipts which Messrs. Pattison and Turnbull so richly deserve, I hereby postpone my reading which was to have been given Wednesday, Aug. 7, at the High School Auditorium. GEO. E. HASIE.

Ex-Chief Johnson of the fire department is making a good thing out of his agency of the Racine Chemical Fire Extinguisher. Yesterday at the request of the City Council of Colorado City he gave a test at that place. A big fire was built and in two minutes he extinguished it. The city officials of that place are arranging to purchase a number of them.

HELP FOR OKLAHOMA.

Contributions for the Sufferers to be Sent To-Day.

The following appeal, issued from North Pond Creek, O. T., is of interest to all citizens:

To Whom It May Concern:

On account of the severe drouth of last summer and this spring, in consequence of which there is neither grain nor garden vegetables, and until the recent rains no grass for animals; and as a further consequence, the utter and deplorable destitution of very many families who are without the commonest necessities of life, subsisting in very many cases on corn meal or cracked wheat and water, and many without money now to procure even these. We therefore, the Woman's Relief association of North Pond Creek, O. T., consisting of over 50 members, do respectfully and most earnestly appeal to any society or people who may be more favorably situated for aid, and especially food: flour, meal, meat, substantial food of any kind. Clothing is badly needed, but food the needy must have or suffer. The recent rains, if they continue, and the remaining portion of the growing season be favorable, may produce food for animals, but they cannot now this season bring food for hungry and destitute people. What is sent will be faithfully and carefully distributed in this locality, and throughout this Grant county as far as they may reach, by an impartial and every-way reliable committee of business men aided by the executive committee of our society.

Moreover, we certify to whom it may concern, that we have employed Rev. T. J. Irwin as our agent to solicit aid for us, knowing him to be a responsible man, reliable in every particular.

(Signed) MRS. H. P. WILSON, Pres.
MRS. J. B. SELLERS, Sec.
MRS. A. BASLEY, Treas.

The appeal is certified to as true in every particular by the editor of the Pond Creek News, the Mayor and City Clerk. It is endorsed by all the officers of Grant county and bears the seal of Grant county, the District Clerk's seal and the seal of North Pond Creek, O. T. It is endorsed by members of the Oklahoma Legislature, and all the prominent ministers of Oklahoma, including the Episcopal bishop of Oklahoma. Ex-Governor L. D. Lewelling of Kansas joins in the appeal for the unfortunates. The Denver Chamber of Commerce, after investigating through the Rock Island railroad as to whether the facts were so in regard to the suffering, gives Mr. Irwin a strong letter urging those able to give to act promptly. The Rock Island railroad will haul provisions free to the sufferers. Those wishing to give contributions of any kind are requested to bring them to the W. C. T. U. rooms before 2 o'clock to-day so that they may be sent away at once, and all contributions will be acknowledged in the morning paper.

The ministers of the city made an appeal to their congregations Sunday with the following result up to last evening:

First Congregational Church, Dr. J. B. Gregg, $1.05.
St. Stephen's Episcopal Church, Rev. Philip Washburn, $5.
United Presbyterian Church, Rev. Mr. Pressly Thompson, $3.50.
First Congregational Church of Manitou, Rev. A. O. Downs, $4.50.

The following was received at the W. C. T. U. rooms:

Mrs. H. M. Carlton, 1 parcel clothing.
Mrs. H. M. Carlton, $1.
Mrs. H. O. Garvey and Mrs. C. F. Spencer, Topeka, Kan., $5.
Mrs. Newberry, 2 parcels clothing.
Mrs. Clough, 2 parcels clothing.
Mr. Jas. Humphrey, Glen Eyrie, 1 parcel clothing.
Miss Grace Field, Glen Eyrie, $5.

Republican Club Meeting.

Members of the Republican club are reminded of the annual meeting this evening. The meeting will be held at 8 o'clock in the court house. The officers for the year are to be elected, and there are other important matters to be attended to. A large attendance is desired.

J. B. GRAFTON,
President.

An Answer to "R. W."

To the Editor of The Gazette.

I am glad to see the communication of R. W. in this evening's Telegraph regarding the effort now making to mitigate the weed nuisance; for while it sharply criticises the methods employed it evidences an interest which, could it be made more general, would speedily accomplish the desired result. We are struggling with the problem of ridding our streets and avenues of unsightly and obnoxious weed growths, and it is altogether possible we are not going about the work in the best way. Possibly we need some of the "applied intelligence" to which tasteful reference is made; but what we are interested in is the extermination of the weed, and for the better accomplishment of this we will gladly accept the advice and dollars of R. W. and all others interested. We are far from being wedded to any particular plan of weed subjugation; and will cheerfully adopt any practicable plan that will better accomplish the object.

On one matter, however, R. W. is clearly in error. The true ragweed, as I am informed by Prof. Bessey, is the ambrosia of the botanist, and is a plant growing 12 to 15 inches in height. It is an annual, and if cut in July or early August is finally disposed of. The plant to which R. W. probably refers is the dysodia, commonly called the stinkweed. This is a much smaller plant and more difficult of extermination, but our mower will cut the tops off no inconsiderable number of them and thereby certainly vastly decrease the amount of seed scattered for next year's crop. It is the pollen from these two weeds, Prof. Bessey informs me, that is most irritating to hayfever sufferers. The mowing down of many acres of these within the city limits must certainly decrease the amount of this pollen, as well as greatly curtail the growth of next and subsequent years. Possibly by next year the method of electric weed extermination will be fully perfected, when we will be able to electrocute the noxious weeds, leaving the "sunflower, the menzelias, the primroses, poppies and other flowers that adorn our roadways," to the delight and satisfaction of the present ruthless weed-choppers no less than that of R. W. and all lovers of the superb Rocky mountain flora. But for the present it seems necessary that the innocent should suffer with the guilty; ragweed, stinkweed, primrose and poppy going down in common ruin before the relentless mower. And let me hasten to assure R. W. and any others who may be concerned about the matter, that the weeds we are mowing will be removed from the streets in due time and long before they could do any possible damage.

But all this requires money—no large sum, it is true, but still a little money. Thus far we have received a total of $8. May we not be furnished with means to do this work, if not, as R. W. and we ourselves might wish to have it done, yet in a way that will not, we are confident, be altogether barren of beneficent result.

Yours truly,
GEO. REX BUCKMAN,
Colorado Springs, Aug. 3, 1895.

The above communication was crowded out on Sunday.—(Ed.

THE MINING EXCHANGE.

First Call.

Colorado Springs, Aug. 5.—After the great activity of last week the first call to-day appeared to be a somewhat moderate affair but, as a matter of fact, it was a very good average morning's business. A dozen different stocks were traded in and had totals of from 500 to 12,000. There was some lively trading in Isabella which had a very strong appearance at the opening though this was not substantiated later, but the stock could by no means be called weak. The opening sale of 2000 shares was made at 20½ and after that a bid of 20 was sufficient to bring out some of the stock and 2500 shares changed hands at that figure. The stamped stock had 500 sales at 19¾, which looks bullish. The heavy seller of the morning was Mt. Rosa. It is in very good demand and the price is only kept down from the fact that there are plenty of sellers at present prices. The stock has been at lower figures so often that there are plenty of speculators who can now realize from 50 to 100 per cent. profit and are doing so, though this is not true of the large holders. Argentum was again fairly active and had over 1000 sales. The price was weakish again, some of it selling down as low as 85½ and 85 was the best bid for it at the close. Anaconda it strong at 40 and Alamo and Work very much so at 4. Portland stands at $1.11 bid without any sales and Union was a seller at 25.

	Bid.	Ask.	Sales.
Alamo	4	4½	3000
Anaconda	39½	41	1500
Argentum Juniata	85	86½	1200

Union	24¾	25	1000
Work	4½	4¾	4000

Second Call.

Business was a good deal brisker at the second call of the Exchange both in the listed and unlisted stocks and sufficient trading was consummated to bring the total for the day to over 200,000 shares. The same number of stocks were traded in at this call as at the first but Mt. Rosa was third instead of first on the list in point of large totals, those of Bob Lee and Consolidated being considerably greater. Bob Lee made quite a spurt in price and with 16,000 sales sold at $6.50 and $7 per 1000. It was offered at the higher figure at the close with the lower actively bid for it. The Consolidated sales amounted at 11,000 shares, and all of it went at 7¼. More was offered at the same price when the hammer fell for the last time, and this gave it a slumpy appearance. Both the silver stocks were traded in lightly, but it only resulted in further emphasizing their continual weakness. The Mollie sales were all made at 84 and those in Argentum at 85. Mt. Rosa weakened a little on the morning figures, but did not go below 6, there being several willing takers at that price. Work sold at 4¼, and closed with a point less than that bid. The stock remains strong, as does Alamo. The total sales in the listed stocks for the day amounted to 76,701 shares.

Unlisted Stocks

Sales in the stocks on the free list were quite heavy and were as follows:

Ben Hur, 2000 at 4⅞ and 4000 at 4¾.

Reno, 1000 at $8.50 per 1000

Buckhorn, 5000 at 3⅜ and 4000 at 3½

Mutual, 1000 at 5⅞, 2000 at 6, and 5000 at 7.

Union Leasing, 700 at 61.

Aola, 18,000 at 1¼.

Magna Charta, 2000 at 2⅛ and 1000 at 2⅜

Colorado City and Manitou, 8000 at 1⅝.

Calumet, 1000 at $2.50 and 10,000 at $5 per 1000

Gould, 1000 at 3⅞ and 1000 at 4

Jack Pot, 1000 at 2⅜

Goldstone, 4000 at $7.50 per 1000.

Sacremento, 3000 at 2⅛.

Oro Grande, 27,000 at $1 per 1000

Granite Hill, 2000 at 1⅛ and 15,000 at 1½

Silver State, 1000 at 1⅝, 5000 at 1½ and 4000 at 1⅜.

This makes the total for the day 26,101 shares.

Several complaints were made to The Gazette yesterday with regard to an error in the Gould quotation which appeared Sunday morning. The Gazette dislikes to throw the blame on other shoulders but as this is a very particular point it feels bound to state that the quotation was printed exactly as it was received from the Board of Trade. The quotation was the same as was printed in the Evening Telegraph, of this city and the Mining Record of Denver. The mistake, like a good many others, was a very easy one to make especially where so many figures are handled.

First Call.

Colorado Springs, Aug. 5.—Business for the week at the Board of Trade opened briskly. Twenty-five stocks were traded in and as a good many of them had from 5000 to 10,000 sales the aggregate was large. Several of the stocks had over 10,000 sales. Bob Lee, for instance, was credited with 25,000 and sold at from $6 to $6.75 per 1000. Colorado City and Manitou had one thousand less than this, all of which went at 1⅜. Granite Hill was another heavy seller with 15,000 shares to its credit which went at $11.50 and $12 per 1000. Mutual and Fannie B. had 11,000 sales each. The first named at 5¾ per share and the latter at $5 per 1000 and both wound up in good demand. Pharmacist was again a fairly active seller and had close upon 10,000 shares credited to it. It all went at 5 but gives no signs of going either up or down. Jack Pot was lively at 2⅞. Gould at 4¼. Aola at $11 and $11.50 per 1000 and Creede and Cripple Creek at 2¼.

Second Call.

Business was again very good at the second call of the Board of Trade, busier even than that of the morning. There was again a large number of sellers and again a good percentage of them had 10,000 sales and over. Quite prominent on the list was Creede and Cripple Creek, which was credited with 15,000 sales at 2¼. Granite Hill started in very strong at $15 per 1000 but the price was a little too high to last and the closing sales, amounting to 8000 shares, were made at $13 per 1000. Goldstone had an even 10,000 sales at $7.75 and $8 per 1000, and C. K. and N. 20,000 at $4 per 1000. Calumet made a rapid upward move, selling at $7 per 1000 against $2 last week, and Enterprise was another advancing stock, selling at 5⅞. Silver State continues to be in good demand and as a result had 9000 sales at 1½. Jack Pot was a little off color at 2⅞ and the same must be said of Mt. Rosa at 6 and Consolidated at 7¼. The total sales for the day amounted to 291,340 shares.

Mt. Rosa Company.

With the recent big rise in the price of Mt. Rosa, that company is again brought into prominence. The outlook for the stockholders is said to be most encouraging.

What had to do with the recent increase more than anything else, perhaps, was the opening of what is claimed to be the Strong vein an the Adams lode. This claim belongs to the company and is a small one on the east side line of the Victor townsite. For some time past it has been under bond and lease to Mr. Canfield, president of the Florence oil works, for $20,000 but lately an extension of the lease was given and the bond increased to $25,000. Mr. Canfield is doing some good work on the claim and has the Strong vein, or at least some vein which produces some very fine looking ore, within 150 feet of the Strong air shaft.

The company has recently put up a fine hoisting plant on a part of the townsite west of the F. and C. C. road. The shaft here is down 100 feet, has paid expenses and is said to have a very fine showing.

In the Gold Coin, back of the Hotel Victor, the vein is four feet wide with a pay streak 10 inches wide. It is said that some shipments have been made from here, and that only depth is needed to make it a shipper.

The company has still some 525 lots left on the Victor townsite which are valued at from $15 to $500 each, and there is also some vacant ground which will make 400 more lots.

The Denver Pit.

Special to The Gazette:

Denver, Aug. 5. The week's trading, unlike Monday morning, started out very briskly and with a big volume of trading amounting to about 150,000 shares. The heaviest trading was in Aola which had 70,000 shares at 1¼ and Addie C., with over 60,000, at from $7 to $8 per 1000.

Bangkok was another lively stock but was weakish in price, nearly all of it selling close to the 14 mark. The Cripple Creek stocks continue to have the best of the trading although the silvers show some slight improvement. Work and Alamo have both advanced to over 4 and are very strong at those figures. Portland was strong at $1.13.

Weekly Letter Extracts.

In their weekly market letter Messrs. Doubleday, Rope & Co. say: "A. J. has declared its second dividend of 3 cents per share which will be paid on the 15th of this month. There is but little demand for the silver stocks, and both Mollie Gibson and A. J. have declined in price.

"We have a high opinion of the Work company, who own the following valuable patented claims, adjoing the Anaconda group: Morning Glory, Morning Glory No. 2, Morning Glory No. 4, Ida B., Poor Man and Little Clara, consisting altogether of 40 acres of surface ground. The Morning Glory and Poor Man lie on either side of the Rose Maud of the Anaconda company. Ten leases and sub-leases are now being worked on the company's claims, and it is their policy to have their property thoroughly prospected and as soon as a paying mine is discovered to work it themselves. The company is well managed and is free from all litigation. They have a small indebtedness of about $9,500, but they expect to be able to clear this debt from royalties which are being received from the lessees on the Morning Glory, who are shipping low grade ore. The stock which has for a long time been selling in the neighborhood of 3 cents, now stands at 4 1-2 and we consider it to be a good reliable investment."

Current News.

The total sales on the Mining Exchange and at the Board of Trade yesterday was not far short of 500,000 shares.

Work on the Magna Charta tunnel is progressing steadily, but they have not as yet been able to get ore in place. What little they have, however, is sprinkled with free gold and it was from one of these pieces of float that they got the assay of 5000 ounces last week.

Rebecca has been called up several times lately at the Exchange. There has been no trading in it up to date and the quotations stand at $5 bid and $6 asked per share. The stock is that of the C. O. D. mine at Cripple Creek, nearly all of which is held in Paris.

The Whippoorwill and Blue Jay on Bull hill are strictly in it. Yesterday in a crosscut at a depth of eighty-five feet, twenty-four inches of ore was found, a general sample of which showed a value of three ounces. A sample was also taken from a good streak of ore in the Blue Jay that astonished Manager Searles. The certificate showed it to be worth $774 to the ton. C. M. Hill of the Windsor hotel, Denver, has a bond and lease on the property.—(Cripple Creek Times.

There has been quite a little inquiry after Fanny B. lately and the stock has gone up about 100 per cent. in the past week or so. The company owns one claim, the Fanny B., on Beacon hill. It is under bond and lease for $40,000 and there is some probability of it being taken up. The claim, which is nearly a full one, is in the course of being patented.

A beautiful specimen of ore from the Rubie is being shown in Mr. H. V. Wandell's office. It strongly resembles many Bull hill ores and consists both of porphyry and quartz, which are nicely spattered with free gold. The Rubie now belongs to Colorado Springs people, they having quite recently paid $30,000 for it. The reason that the Lafayette bond was not taken up was that though the vein ran through that ground the ore chute was south in Rubie ground.

Manager Murray has kept very quiet for some months past, but for all this development work has never quite ceased on the estate. Ten men are working portions of the property on tribute and the shaft which is now 270 feet deep is still going down. It will be pushed to a depth of another hundred feet before any levels are run. The Deerhorn has had quite an eventful history. All told it has marketed $50,000 worth of ore, $5,000 of which was picked up on the surface. The vein or ore chute pinched at a depth of 150 feet and no ore has been taken out from a point lower than this since then. As the shaft is still being pushed downward this is sufficient evidence that the management has a theory in regard to the property and it is understood that this is shared by some very noted experts who have recently examined the Deerhorn. Big Profits ON Small Investments.
Returning prosperity will make many rich, but nowhere can they make so much within a short time as by successful Speculation in Grain, Provisions and Stock.
$10 FOR EACH DOLLAR INVESTED can be made by our Systematic Plan of Speculation.
originated by us. All successful speculators operate on a regular system.
It is a well-known fact that there are thousands of men in all parts of the United States who, by systematic trading through Chicago brokers, make large amounts every year, ranging from a few thousand dollars for the man who invests a hundred or two hundred dollars up to $50,000 to $100,000 or more by those who invest a few thousand.
It is also a fact that those who make the largest profits from comparatively small investments on this plan are persons who live away from Chicago and invest through brokers who thoroughly understand systematic trading.
Our plan does not risk the whole amount invested on any trade, but covers both sides, so that whether the market rises or falls it brings a steady profit that piles up enormously in a short time.
Write for convincing proofs, also our Manual on successful speculation and our Daily Market Report, full of money making pointers. All free. Our manual explains margin trading fully. Highest references in regard to our standing and success.

THE MARKETS.

New York, Aug. 5.—Money on call has been easy at 1@1½ per cent.; last loan at 1, and closing offered at 1 per cent. Prime mercantile paper 4@4½ per cent. Bar silver 66⅝. Mexican dollars 53¼. Sterling exchange strong with actual business in bankers' bills at $4 89¼@4 89½ for 60 days, and $4.90¼@4 90½ for demand. Posted rates $4.90½@4.91. Commercial bills $4.88¼@4.89. Government bonds firm. State bonds dull; railroad bonds easier. Silver at the board was dull.

Only 137,018 shares of stock were traded in at the stock exchange to-day. The largest transactions were in Chicago Gas 24,200 shares; Sugar, 22,100; Burlington and Quincy, 10,800, and St. Paul 7,500 shares. Sugar, after Chicago Gas, the most active stock, figured for 22,100 sales. Transactions were made at $1.14@1.15¼, $1.13¾@1 14¾. The grangers, trunk lines and anthracite coalers were quiet and without special change. The talk about gold shipments checked operations. The withdrawal of $160,000 gold from the sub-treasury, it was said, was the forerunner of heavy shipments later in the week. Speculation closed quiet and steady in tone. Net changes in the railway list showed declines of ⅛ to ⅝ per cent. Chicago Gas gained 1⅝ per cent. and Consolidated Gas ¼ per cent.

Bonds were slightly lower. Sales were $1,827,000.

CHICAGO GRAIN.

Chicago, Aug. 5.—Without Liverpool cables, owing to this being a bank holiday in England, the wheat speculator was a little bit uncertain about the situation in that grain market. The export demand is the unknown quantity just at present. It is pretty well settled that the winter wheat crop will be a moderate one and the spring an unusually large one, but whether foreigners are going to come here for much wheat is what bothers the trade just now. On Saturday a sale of 100,000 bushels for shipment abroad was made in this market. This nibble gave some encouragement to holders and was instrumental in causing some firmness at the opening to-day. The local crowd bought on account of the firmness, so that prices exhibited strength simply by reason of the demand being greater than there were offerings. Receipts at Chicago wre 93 cars and the Northwest had 130. Withdrawals from store amounted to 72,416 bushels. The visible supply decreased 712,000 bushels, the posting of figures being succeeded by an easier tone and a reaction in prices, but continental cables were higher, a rally taking place when they became public. Paris quoted an advance of 40@65 centimes and 80 centimes in flour. Berlin was ½ mark higher and Antwerp 12½ centimes higher. Export sales of 700,000 bushels at this place and 12 loads at Baltimore were reported to-day. September wheat opened from 68 to 68¼, sold between 69⅛ and 68, closing at 68⅝@68¾, ¾ of a cent higher than Saturday. Estimated receipts for to-morrow 113 cars.

Corn The big crop of corn absorbs interest in this market. To-day the tone was easy for that reason, the fact that receipts, 397 cars, were 18 less than expected, seemingly having little if any influence. Shorts were not urgent in their demand and the far deliveries have no cause for firmness. There were no cables. Withdrawals from store were 193,330 bushels and 190,060 bushels cleared at the seaboard. The visible supply decreased 543,000 bushels. September corn opened at 41⅝, sold between 41⅞ and 40½, closing at 41, ⅝@¾ cent under Saturday. Estimated receipts for to-morrow 515 cars.

MUNYON'S TRIUMPH.

It has Been Proven That His Remedies Cure 90 out of Every 100 Who Use Them.

The Most Careful Investigations by the Press Result in a Glorious Victory For His New School of Medicine.

652 Persons Report Themselves Cured in 7 Days and 5825 Vials of his Remedies Sold.

There is no question whatever about Munyon's complete victory over the old way of treating disease. Such testimony has never been received in Colorado Springs by all the different medical preparations in the world together as by the Munyon Remedy company during the past week. Hundreds have been cured who do not report this fact to the papers or representatives of the company. Yet we have 652 persons who eight days ago were suffering with some ailment, half of them at least who had spent all their money with doctors and given up hopes of recovery, who come to us and say: "I am well again," cured with one or two bottles of Munyon's Remedies and a cost not exceeding the price of one visit from their physician. Five persons only have declared they have received no benefit, and some of these, after visiting Munyon's representative at The Antlers hotel, find that they have not taken the proper cures, and feel confident of recovery in the near future.

Professor Munyon invites physicians of this city to send him the name and address of any patient whom they acknowledge cannot be cured by their methods, on receipt of which the professor will administer such remedies as he thinks are required, free of charge, and allow the results to be published in the daily papers.

RHEUMATISM CURED.

Munyon's Rheumatism Cure is guaranteed to cure rheumatism in any part of the body. Acute or muscular rheumatism can be cured in from one to five days. It speedily cures shooting pains, sciatica, lumbago and all rheumatic pains in the back, hips and loins. It seldom fails to give relief after one or two doses, and almost invariably cures before one bottle has been used. Price 25 cents.

STOMACH AND DYSPEPSIA CURE.

Munyon's Stomach and Dyspepsia Cure cures all forms of indigestion and stomach trouble, such as rising of food, distress after eating, shortness of breath and all affections of the heart caused by indigestion, wind on the stomach, bad taste, offensive breath, loss of appetite, faintness or weakness of stomach, coated tongue, heartburn, shooting pains of the stomach, constipation, dizziness, faintness and lack of energy. Price 25 cents.

Munyon's Nerve Cure cures all the smptoms of nervous exhaustion, such as depressed spirits, failure of memory, restless and sleepless nights, pains in the head and dizziness. It cures general debility, stimulates and strengthens the nerves and tones up the whole body. Price 25 cents.

Munyon's Kidney Cure cures pains in the back, loins or groins, from kidney disease, dropsy of the feet and limbs, frequent desire to pass water, dark colored and turbid urine, sediment in the urine and diabetes. Price 25 cents

CATARRH CURE

Catarrh Positively Cured.—Are you willing to spend 50 cents for a cure that positively cures catarrh by removing the cause of the disease? If so ask your druggist for a 25 cent bottle of Munyon's Catarrh Cure and a 25 cent bottle of Catarrh Tablets. The catarrh cure will eradicate the disease from the system and the tablets will cleanse and heal the afflicted parts and restore them to a natural and healthful condition.

Munyon's Liver Cure corrects headache, billiousness, jaundice, constipation, and all liver diseases. Price 25 cents.

Munyon's Cold Cure prevents pneumonia and breaks up a cold in a few hours. Price 25 cents.

Munyon's Cough Cure stops cough, night sweats, allays soreness and speedily heals the lungs. Price 25 cents.

Munyon's Female Remedies are a boon to all women. Price 25 cents.

Munyon's Headache Cure stops headache in three minutes. Price 25 cents.

Munyon's Pile Ointment cures all forms of piles. Price 25 cents.

Munyon's Asthma Cure and Herbs are guaranteed to relieve asthma in three minutes and cure in five days. Price 50 cents each.

Munyon's Blood Cure eradicates all impurities from the blood. Price 25 cents; special $1.00.

Munyon's Vitalizer imparts new life, restores lost powers to weak and debilitated men. Price $1.

Munyon's Homeopathic Remedy company, 1505 Arch street, Philadelphia, Pa., put up specifics for nearly every disease, mostly for 25 cents a bottle.

Sold by all Druggists.

Baker & Co., leading prescription druggists, No. 8 South Tejon street, are the agents for Munyon's remedies.

A. D. CRAIGUE.

TRUSTEE'S SALE.

Whereas, The Colorado Springs Improvement Company, a corporation created and existing under and by virtue of the laws of the State of Colorado, did on the 12th day of June, A. D. 1889, by its certain deed of trust of that date, which is duly recorded in the office of the Recorder of El Paso County, Colorado, on the 15th day of June, A. D. 1889, in book 74 at page 359, convey to Alvan A. McGovney as trustee, or in case of his failure for any reason to act as such trustee then to the acting County Clerk of said County of El Paso as successor in trust, the following described real estate, situated in said County and State, to-wit: The n ½ of section No. 16 in township No. 14 south, in range No. 66 west of the sixth principal meridian, to secure the payment of its four certain promissory notes bearing even date with said deed of trust for the principal sum of $10,850 each, payable to the order of Edwin J. Eaton on or before five years after their date with interest thereon from June 12th, 1891, at the rate of seven per cent. per annum until paid, payable annually, and

Whereas, It is provided in said deed of trust that in case of default in the payment of said notes or the interest thereon, when the same shall become due and payable, the trustee or in case of his failure for any reason to act then the said successor in trust, upon the request of the legal holder or holders of said notes, should proceed to sell and dispose of the said premises according to the terms and for the uses and purposes in said deed of trust provided, and

Whereas, Default has been made in the payment of the said notes and the interest thereon,

Now, therefore, at the request of the legal holders of said notes and under and by virtue of the authority in me vested by the terms of said deed of trust, I, Alvan A. McGovney, trustee, or in case of my failure for any reason to act as such trustee, then the acting County Clerk of said County of El Paso, as successor in trust, will on the 2nd day of October, 1895, at 12 o'clock m., at the front door of the County Clerk's office, in the County of El Paso, and State of Colorado, sell the above described real estate, with the appurtenances and all the right, title, benefit and equity of redemption, of the said The Colorado Springs Improvement Company, its successors and assigns therein, at public auction, for the highest and best price the same will bring in cash, for the purpose of paying said notes, interest and the costs and expenses of executing this trust.

Dated Colorado Springs, Colo., August 1st, 1895.

ALVAN A. McGOVNEY,
Trustee.
F. W. HOWBERT,
Acting County Clerk of El Paso County, Colorado, Successor in Trust.

Weather Indications.

Washington, Aug 5.—For Tuesday—Fair; warmer; variable winds.

There will be another moonlight excursion on the Cog road this evening.

Miss Hattie Cilmonson of Columbia, Mo., is the guest of Mrs. W. S Nichols.

The police court had a busy day yesterday with offenders against city ordinances.

Dr. S. T. Shelly of Mulvane, Kan., is stopping at the Elk. He is looking for a location to practice.

There will be dancing at the Casino this evening. Everybody invited to attend.

The C. E. Society of the First M. E. Church will give a social to-night in the lecture room. Refreshments 10c. The public is invited.

The last evening chorus drill will take place to-night in the High School auditorium. Every member of the chorus is requested to be present.

Marriage licenses were issued yesterday to Robert T. Davis and Miss Maude Woodruff, to John H Lewis and Martha Trout, all of Cripple Creek

Nahan Franco, who led the Casino orchestra two years ago, was recently married in New York, to the daughter of Ruppert, the millionaire brewer.

Mrs. J. H Leipman and daughters of Fort Scott, Kan, who have been here for some time, have gone up to Ute Pass Park for the remainder of the summer.

Saturday night an employe of the Broadmoor company while driving to the ranch from town was stopped by highwaymen and robbed. The man only had a few cents

Mr. Jake Blair goes to Cripple Creek to-day to show the camp to a party of friends from the East. If they do not know all about it when they get back it won't be *Jake's* fault.

A suit was filed in the District Court yesterday by Lizzie Miller against E Barnett, in which $10,000 damages are asked. The plaintiff was employed at the Antlers at one time as a laundress, and had her hand crushed in the mangle.

Excursions have been arranged for to this place on Sunflower Day from Denver, Pueblo and Cripple Creek. They will be excursions personally conducted and properly advertised, not merely cheaper rates. Big crowds will undoubtedly be here.

Mrs. Geo. E. Crafts, now stopping at Green Mountain Falls, a contralto who has been very popular as soloist in the musical conventions and festivals of the New England States, will sing at the Thursday evening concert this week, to be given by the Musical festival of the Summer School.

The Pike's Peak Cog line will run another of their moonlight excursions to the Peak this evening, train leaving at 4:30 o'clock. These excursions have been very popular and those who have never taken this trip should not fail to do so while the opportunity offers.

Cripple Creek $3, Friday. One day stop-over allowed.

We call attention to The May advertisement on page five. It will no doubt be of great interest to bargain seekers. Suits to order for $12.75 up; pants $3.75 up.

Necessity and Luxury.

Necessity is something required to carry out a purpose, luxury is something not quite so important but perhaps more appreciated. Two necessities of the human body are sleeping and eating. With an inferior quality of food, small dingy sleeping apartments with uncomfortable furnishings they are apt to be considered a burden and looked upon with disgust. With the best food in the market, light and airy bed-rooms with pleasant surroundings we look at them more in the nature of a luxury. When visiting Denver remember that the Windsor furnishes the best accommodations in the city and at rates no higher than those charged by houses of a lower grade. It is strictly first-class and in the heart of the city. Rates $2.00 per day and upwards American plan. C. M. Hill, manager.
